### Guest Speaker: Tom Miranda

An accomplished TV bowhunter, Miranda has taken sixty plus whitetails on video and the Super Slam® North American Big Game animals with archery tackle. If it's big game bowhunting... Miranda likely has done it, including arrowing Africa's Big Six, and SCI's World Hunting Award with bow & arrow. Miranda has worn Realtree as a TV bowhunter since 1990.

As an outdoor television producer, Miranda is known as one of the best. His award winning series have appeared on ESPN for 20 consecutive seasons as well as on Versus, NBC Sports, Sportsman Channel and appears now exclusively on Outdoor Channel. Using creative story telling supported by dramatic footage and creative editing, Tom Miranda's series continue to sit atop the Nielsen Television ratings at each network his series appear.

Tom's *Adventure Bowhunter* DVD and book series sits atop a short list of award winning bowhunting programs and remains the only archery Super Slam® of North American big game chronicled on DVD and BluRay. Miranda's latest DVD series *Adventure Bowhunter* Dark Continent chronicles Tom's SCI Animals of Africa archery milestone.

**MARKED 3-D at NISHU Complex:** You will get an opportunity to shoot a marked 3D course in two formats...a fun round with a "kill" score card as well as a competitive 3-D round (same course) with regular scoring where the top adult male, adult female, and youth will win a buckle donated by Form First Archery, Badlands Bowstrings, and Beaver Creek Builders Inc.
